INTRODUCTION

This document provides an overview of the software changes delivered in the 11.2.1 release of the Online RMS product and will assist with release preparation activities including:

- Internal staff training
- Customer release training
- Customer release notes
- Release announcement and promotion
- Online help and eLearning updates
- Updates to web site product information and product collateral

PRODUCT REQUIREMENTS

For best performance, we recommend a computer, laptop, or tablet purchased within the last 3 years; running an industry popular web browser that is actively supported by the browser manufacturer and connects to the internet using DSL, Cable, or 4G cellular. The browser must support TLS 1.2 or higher.
