APPENDIX: 11.0.1 Product Change Notice (PCN) - Detailed JIRA Listing ..... 5

    Table A: Release Enhancements and product Software Issue Resolutions ..... 5

## INTRODUCTION

This document provides an overview of the software changes delivered in the 11.0.1 release of the Online RMS product and will assist with release preparation activities including:

- Internal staff training
- Customer release training
- Customer release notes
- Release announcement and promotion
- Online help and eLearning updates
- Updates to web site product information and product collateral

## PRODUCT REQUIREMENTS

For best performance, we recommend a computer, laptop, or tablet purchased within the last 3 years; running an industry popular web browser that is actively supported by the browser manufacturer and connects to the internet using DSL, Cable, or 4G cellular. The browser must support TLS 1.2 or higher.

**RELEASE MILESTONES**

The following table contains the high-level release milestones for the Online RMS 11.0.1 release.

End Date	Milestone
2 Apr 2019	11.0.1 Sprint Starts
20 Apr 2019	11.0.1 Code Lock
<b>7 May 2019</b>	<b>11.0.1 Release Available</b>

**APPENDIX: 11.0.1 PRODUCT CHANGE NOTICE (PCN) - DETAILED JIRA LISTING**
**TABLE A: RELEASE ENHANCEMENTS AND PRODUCT SOFTWARE ISSUE RESOLUTIONS**

This table contains minor enhancement, software issue, and interface JIRAs contained in the 11.0.1 service pack release.

\* - Denotes a software resolution was released prior to the 11.0.1 service pack installation date.

JIRA #	Client Ticket #	Summary	Type of Issue	Functional Documentation
IA-63715	355166	Master Indices - Add Missing Address Info Past Lock Hours	Enhancement	Software enhancement to offer a new permission to allow the updating of missing address fields or Latitude and Longitude on Master Address records. This update will allow users to update and geo-code addresses created from CAD spills or external interfaces.
IA-64138	N/A	Field Arrest: Add Personal Property required fields are not flagged as such	Bug/Defect	Software modification for field arrest property to require description based on Field Arrest module admin configuration settings for arrest property types.
IA-64184	357555	Notifications Setup - #17 - Incident Follow-Up Case Requested - CID - If additional Roles are added it prevents Adding Case Notes	Bug/Defect	Software modification to support agency custom roles for System notifications.
IA-64232	357875	Local Offense Codes - NIBRS code is not being displayed in list	Bug/Defect	Software modification to display the NIBRS code associated to a local offense even if the local offense is not associated to a State Offense code.
IA-66167	368508 375436	Permission - Update the Verify Geo Location Past Lock Hours to schema level	Enhancement	Software enhancement to offer a new permission to allow the updating of Latitude and Longitude on Master Address records. This update will allow users to geo-code addresses created from CAD spills or external interfaces.

IA-67815	N/A	Records Management Menu - reorder	Release Defects	Software modification to order the display of items in the Records Management Menu alphabetically.
IA-67862	N/A	UI - Notification Management Save Issue	Release Defects	Software modification to allow updating of Roles on role configuration page that are user specific and do not require a role.
IA-67907	N/A	UI - Master Indices - Person - Image Upload - Date of Info Calendar does not open	Bug/Defect	Software modification to display the date of info calendar when adding an image from the image library.
IA-67932	N/A	CAD Interface Address Parser Converts Street Names to Lower Case	Bug/Defect	Software modification for the address parser for CAD spills to maintain the case of the address text received in the XML CFS spill.
IA-67939*	376451	CFS - Search by Officer Name - Results Not Correct	Bug/Defect	Software modification to improve search results when searching by CFS officers.
IA-67953	N/A	Lexis Nexis Integration Enhancements	Enhancement	<p><b>New Product Offering! “What you don’t know might be surprising. Improve your awareness of data on people, vehicles, and addresses.”</b></p> <p>Software enhancement to offer the ability to run Accurant public data searches for people, vehicles, and addresses directly from Online RMS. This offering is now available as an optional subscription for agencies wishing to run public data queries from within Online RMS. Please contact your Client Success Manager (CSM) or enter a support request for details on how you can subscribe to this feature. Pricing packages are available for any size agency.</p>
IA-67956*	376565	Incident Based Reporting - View does not open report in Warnings section	Bug/Defect	Software modification to resolve an issue when attempting to view report validation warnings for NIBRS data submissions.

<b>IA-67958*</b>	376575	Incident Mapping not restricting data returned to Agency Selected	Bug/Defect	Software modification for mapping to display items based on selected agency.
<b>IA-67959*</b>	N/A	11.0 End User Feedback-Incident Report Usability items	Enhancement	Software usability enhancements for incident reporting module.
<b>IA-67960</b>	N/A	Change Incident Status Icon wrong	Bug/Defect	Software modification to change the incident status icon.
<b>IA-67961*</b>	N/A	Person Edit - Phone Entry	Enhancement	Software modification to offer auto tabbing when entering phone number segment fields.
<b>IA-67962*</b>	N/A	Session Objects	Bug/Defect	Software modification for session replication.
<b>IA-67963*</b>	N/A	UI - Master Index Person Security: Offender name is displayed instead of access denied.	Release Defects	Software modification to not display names on incident reports if the Master Name record security is set to no access.
<b>IA-67965*</b>	376597 376581	Court Appearance Date Time field, time is changing to the date.	Bug/Defect	Software modification to properly display times that have three digits.
<b>IA-67966</b>	N/A	Organization Collapse Potential Match Search Fails	Bug/Defect	Software modification to handle special characters with Organizational collapse searches.
<b>IA-67967</b>	N/A	Change icon for "emulate" on Users screen	Release Defects	Software modification to change the emulate user icon.
<b>IA-67968</b>	376587	Master Index Addresses Always Edit Agency does not allow edits	Bug/Defect	Software modification to resolve an issue with the permission to always edit addresses.

<b>IA-67969</b>	376590	Tow/Impound - Tow comments printing when not selected	Release Defects	<p>Software modification to add new tow/impound print options for 'Tow Summary Comments'. This option will toggle the comment found in the Tow Summary section of the impound edit page.</p> <p>On the printed report, this comment is part of the Tow Release section, so the Tow Release print option must be selected for the comment to print. This is the same as the Release Comments option.</p> <ul style="list-style-type: none"> <li>- If the 'Tow Summary Comments' option is checked, the 'Tow Release' option is auto checked.</li> <li>- If the 'Tow Release' option is unchecked, the 'Tow Summary Comments' option is auto unchecked.</li> </ul>
<b>IA-67971*</b>	376618 376568	Master Indices - Person Record will not load onto Citation or Incident Report	Bug/Defect	Software modification to handle person records having multiple DLNs with a null date of information.
<b>IA-67972*</b>	376622	Incident - Media Crime Summary will not save	Bug/Defect	Software modification to remove CAD date and time field validations if agency does not have CFS enabled.
<b>IA-67974*</b>	376579	Notifications and recent activities are different in 11.0	Bug/Defect	Software modification to resolve an issue with notifications and the roles that can see notifications.
<b>IA-67975*</b>	376578	Custom Forms - Allow review/reject by multiple roles	Bug/Defect	Software modification to allow multiple reviews and approvals for custom forms having routing enabled.
<b>IA-67978*</b>	376544	Route Simulator - Multiple offenses when viewed in Route Simulator that error out	Bug/Defect	Software modification to resolve an issue with the offense route simulator.
<b>IA-67980*</b>	376638	Calls For Service Incident Notes	Release Defects	Software modification to improve the display of CFS notes spilled from CAD that contain escape characters for new lines.

<b>IA-67981*</b>	N/A	Custom Forms Data Cleanup	Release Defects	Data Cleanup for custom forms.
<b>IA-67983*</b>	376626	Unable to Add Value for Currency - With Unknown Denomination	Release Defects	Software modification to resolve an issue with unknown denomination entry of currency.
<b>IA-67985*</b>	N/A	Administration Tab - Security Group Issue - Unable to Edit	Release Defects	Software modification to display edit and delete icons as different icons.
<b>IA-67987*</b>	376637	Incidents - Use cannot edit own report pending approval	Release Defects	Software modification to display option to edit report if user is the owner of the report and report is pending approval.
<b>IA-67988*</b>	376630	Incidents - Supervisors are not able to approve reports	Release Defects	Software modification to determine if supplemental reports where in the same agency as the approving user's agency.
<b>IA-67990*</b>	376592	Citations Duplicating charges which are custom fields	Bug/Defect	Data Cleanup for custom forms.
<b>IA-67992*</b>	376615	Incidents - Disapproved report Summary tab items showing hyperlinks	Release Defects	Software modification to handle the display of double quotes used in disapproval comments.
<b>IA-67994</b>	376661	Delegate Privileges	Bug/Defect	Enable and update UI Delegate Privileges page with new UI components. Delegate Privileges will now display for users with the permission.
<b>IA-67995*</b>	376650	Court Paper - Expiration Date - Time Field is NOT Saving Time	Release Defects	Software modification to display time from service expiration date.
<b>IA-67996*</b>	376676	Juvenile Disposition does not show on Incident Offender Arrest Details	Configuration	Software modification to display juvenile disposition on incident offender page.
<b>IA-67997*</b>	N/A	Unable to Add Sub Amount for unknown currency on MASS screens	Release Defects	Software modification to add sub amount for unknown currency.

<b>IA-68000*</b>	376678	Property and Victim Offense Associations	Enhancement	Software modification to improve the display an intuitiveness of relating persons and property to offenses.
<b>IA-68001*</b>	376688	UI - Misspelling of Level	Release Defects	Spelling correction.
<b>IA-68003</b>	N/A	Citations - Display Issue With Bond Appearance Date Field	Bug/Defect	Software modification to resolve an issue with displaying appearance time on citations.
<b>IA-68007*</b>	376604	Add Agency - Cannot complete the Agency Information page	Bug/Defect	Software modification to resolve a validation issue when trying to create a new agency with the same name as an existing agency.
<b>IA-68009*</b>	376694	Warrant Log Entry. Agency entry required even when agency is selected	Bug/Defect	Software modification to resolve a validation issue.
<b>IA-68010*</b>	N/A	Tomcat Session Replication & CSRF	Engineering Enhancement	Software modification for session replication.
<b>IA-68012*</b>	376708	Field Arrest - incorrect citizenship is being displayed	Bug/Defect	Software modification to update the print display for Citizenship Country.
<b>IA-68013*</b>	N/A	Extra data after DL# when person is added to Custom Form	Bug/Defect	Software modification to remove the display of html characters.
<b>IA-68014</b>	N/A	Offense Suspicion entry the click to select button covers the choices	Configuration	Software modification to relocate the offense suspicion LOV drop-down display.
<b>IA-68016*</b>	376715	NIBRS City validation matching to City Codes	Bug/Defect	Software modification to handle exceptions when the NIBRS City entered on a report does not match a valid City code.
<b>IA-68017*</b>	376705	Incident Property Printing Evidence Receipts	Configuration	Software modification to support printing evidence items that belong to any supplement on the incident report.
<b>IA-68018*</b>	N/A	Custom Form: viewing form reopens for review	Release Defects	Software modification to close form reviews for all users, once a user having the same role has reviewed the form.

<b>IA-68020*</b>	376648	Evidence - Re-adding property to report does not add already existing evidence info	Release Defects	Software modification to allow evidence records that are NOT disposed to automatically be added to incident reports when the property is added to the report.
<b>IA-68021*</b>	376560	Custom Forms Form Designer	Configuration	Software modification to improve the display when editing forms in designer view.
<b>IA-68022*</b>	376752 376659	Notifications Search and Filters do not function the same	Release Defects	Software modification to improve search and filters for the main page notification grid.
<b>IA-68024*</b>	376749	Incident Property entry getting an exception error enter more than one property	Configuration	Software modification to resolve an issue discovered when using the Save & Add More Property button.
<b>IA-68025*</b>	376748	Incident Report - Assisted Agency field LOV not displaying	Release Defects	Software modification to display the Assisted Agency LOV for agencies having the Assist Agency fields configured for incident reporting.
<b>IA-68026</b>	375985	Address - Add "X" & "Y" to Lat/Lon labels	Enhancement	Software update to add X & Y as prefix to the labels for latitude and longitude address fields. This update was requested to assist users with matching fields when entering data from mobile GPS devices that only reference X & Y as the coordinate names.
<b>IA-68029*</b>	376826	Evidence : Recovery time is off by an hour in property listing versus evidence module	Release Defects	Software modification to better handle the display of date/time using time zone conversion.
<b>IA-68030*</b>	N/A	Not Serializable Exception: com.ejustice.rms.domains.RouteSourceDetails	Bug/Defect	Software modification for session replication.
<b>IA-68032*</b>	376831	Incident - Properties are not listed in Index ID numeric order	Bug/Defect	Software modification to sort the properties on an incident report by the property index id.
<b>IA-68035*</b>	376835	Incident - Properties listed when printing Labels, Receipts or Chain of Custody not in Index ID order	Enhancement	Software modification to sort the evidence print menu by evidence id.

IA-68036	376697	Error Updating User Settings	Bug/Defect	Software modification to remove auto completes from applying to User Management pages.
IA-68037	376670	Persons Index Setting primary photo is not working correctly	Enhancement	Software modification on the person page to show the primary image first.
IA-68038*	376823	500 Error - Notification - Incident Follow-up Case Agency Transfer - CID	Bug/Defect	Software modification to support routing of incident follow-up investigation cases to an agency outside of the original reporting agency/organization.
IA-68039*	376783	Evidence - Quick search displays Chain of Custody and Property Type hyperlink is not indicated by color	Bug/Defect	Software modification to resolve a display issue with the property summary tag.
IA-68040*	376834	Property Value is set as a required field in 11.0	Release Defects	Software modification to set property value required based on NIBRS offense validation rules.
IA-68043	376809	Incident - Add a column for System Evidence ID on the Properties screen	Bug/Defect	Software modification to add System Evidence ID to the existing 'Processing' column to display with the property is evidence and item #.
IA-68044	376842	Incident report Quick print produces Java error when there are PDF attachments	Bug/Defect	Software modification to exclude the printing of encrypted PDFs when printing an incident report.
IA-68046	N/A	Incident: mass property still requires value for property types that shouldn't require value	Bug/Defect	Software modification for mass property page to only require value based on NIBRS offense rules.
IA-68047*	376876	External Links is not opening in a new Browser tab	Bug/Defect	Software modification to open external links in a new browser tab.
IA-68049	N/A	Incident Property: Save and Add Another Property workflow does not take user back to Add Property page	Release Defects	Software modification to resolve a workflow issue with adding subsequent property items using the Save and Add Another Property item.

<b>IA-68051*</b>	376889 376734	Calendar selection defaults to users computer time	Bug/Defect	Software modification to incorporate time zone setting from agency page when determining time for the calendar selection.
<b>IA-68054</b>	376879	NIBRSVA file format is not correct.	Configuration	Virginia specific NIBRS submission file updates.
<b>IA-68057*</b>	376900	Reports ~ UCR ~ LEOKA report will not generate	Bug/Defect	Software modification to improve the generation of the UCR LEOKA printed report.
<b>IA-68058</b>	N/A	Calendar selection defaults minutes to that of when the page first loaded	Release Defects	Software modification to handle the conversion and display of time based on agency time zone setting.
<b>IA-68062*</b>	N/A	NotSerializable: com.ejustice.rms.domains.externalmapping.MappingTypeCode	Bug/Defect	Software modification for session replication.
<b>IA-68065*</b>	376971	Citations - Custom fields LOV under Additional Search Criteria is blank	Bug/Defect	Software modification to resolve an issue with searching custom fields.
<b>IA-68066</b>	376986	Incident Delete - Error deleting supplement report	Bug/Defect	Software modification to resolve an issue with deleting incident reports that were approved and had a subsequent status change to initial or where the report was disapproved.
<b>IA-68067</b>	N/A	Incident: View Incident Person not loading for some people	Release Defects	Software modification for display of images due to data from data loads.
<b>IA-68068</b>	N/A	NIBRSVA: Offenders are being written to the file even though they are not shown as such in the UI	Release Defects	Software modification for Virginia NIBRS for handling submission of offenders.
<b>IA-68071*</b>	376936	Error occurred from Validations tab - Arrest Charge for offender	Bug/Defect	Software modification to resolve an erroneous validation for persons listed as arrested on incident reports.
<b>IA-68072</b>	N/A	NIBRSVA: Property counts incorrect for Stolen and Recovered property	Bug/Defect	Software modification to handle counts of stolen property based on property status and offense associations.

<b>IA-68074*</b>	376944	Incident Report - Unable to clear the Names tab validation	Bug/Defect	Software modification to resolve an erroneous validation for persons listed as arrested on incident reports.
<b>IA-68076</b>	N/A	Incident: links from validation tab are broken	Release Defects	Software modification to resolve an issue with some incident hyperlink displays.
<b>IA-68090*</b>	377073	SQL error when attempting to delete a supplement report	Bug/Defect	Software modification to allow the deleting of supplements that were disapproved or approved and the status subsequently changed to initial.
<b>IA-68096</b>	376888	Warrants - False Banner Warning "Failed to Delete Attachment"	Bug/Defect	Software modification to remove an unneeded display warning.
<b>IA-68101</b>	377148	Set Warning message when exceeding character counts on Media Summary and SMT description	Bug/Defect	Software modification to alert user when the 1,000 character limit for the incident media summary and the 40 character limit for SMTs description has been reached.
<b>IA-68103</b>	N/A	Incident Victim: HOMICIDE_CIRCUMSTANCE_CO DES question not displayed for 09C offenses	Release Defects	Software modification when entering 09C offenses to make sure the "Specify Circumstances for Justifiable Homicide?" is displayed.
<b>IA-68106</b>	376939	UI - My Court Papers Display	Release Defects	Software modification to display header information for each record in My Recent Activities - Court Papers queue.
<b>IA-68111</b>	N/A	Create Excel Extract That Includes CAD Badge When Viewing The RMS Tables/Officers	Configuration	Software enhancement to include CAD Badge number in officer extract.
<b>IA-68117</b>	N/A	Incident Arrestee - Weapon Types	Bug/Defect	Software modification to handle the mapping of NIBRS codes to State IBRS codes.
<b>IA-68122</b>	N/A	Adding New Users	Bug/Defect	Software modification to remove auto completes from applying to User Management pages.
<b>IA-68135</b>	377331	Warrants - Specify Agency entry not staying selected	Bug/Defect	Software modification to properly display Originating Agency information on Warrants.

<b>IA-68138</b>	N/A	Online RMS- Install script for release 11.0.1	Install	Online RMS- Install script for release 11.0.1
<b>IA-68140</b>	377411	Fleet Management Entering Vehicle maintenance Oil Change getting error exceeds 10000 Miles	Bug/Defect	Software modification to change the validation when entering mileage that is more than 10,000 miles from the last entry to a warning rather than a validation.
<b>IA-68141</b>	N/A	Snap Shot Chart last 24 hours range is from 12/30/1969 1800 - 12/31/1969 1800	Bug/Defect	Software modification for Snap Shot Chart default date display.
<b>IA-68143</b>	377415	Update Role - Add new permission to existing role	Enhancement	Deployment script to automatically add the new permissions to add missing address fields and Latitude and Longitude data to address to the "Master Indices - Verify Geo Location Past Lock Hours" permission category.
<b>IA-68188</b>	N/A	Incident: Property Recovered Date/Time field not displayed if user unselects associated offense	Release Defects	Software modification to resolve an issue displaying the evidence recovery date field.
<b>IA-68189</b>	N/A	Incident: Save and Select and Select buttons not available on subsequent pages if user chooses Save + Add Another Property from Edit Incident Property page.	Release Defects	Software modification to resolve the display of the Save & Add Another Property button under certain workflows.
